

K-Love provides a wonderful ministry in the life of my family. I am able to listen to contemporary christian music that is presented in an environment that my whole family can listen to. The family at K-Love is a part of our family and ministers to us daily, feeding our spiritual needs. It is refreshing to find a station in this day and age that doesn't need to be censored for children to listen to. Please keep K-Love coming through. It is an essential part of our day. Stacy Lumpkin
